WHOLESALE PRICES

The making of our wholesale price list this fall has been more difficult than usual, because of the unsettled conditions affecting prices. However, after careful study, we are presenting here this copy of our "FALL 1950 WHOLESALE - PRICE LIST" as a guidance on Nursery - stock which we have available this year.

It may be necessary to make some change in these prices at anytim, because labor, burlap, nails, wiring and other material which plays a major part in the pricing of our stock are on the increase and difficult to secure.

FOR THESE REASONS, PRICES LISTED IN THIS PRICE LIST ARE SUBJECT TO CHANGE WITHOUT FURTHER NOTICE.

We wish to take this opportunity of thanking all of you for past apatronage and we are looking forward to serving you again this year.

Yours truly,

GRIFFING NURSERIES

DELIVERY CHARGES

We are proud to announce the purchase of our own F-8 Ford Truck and Lufkin trailer with a loading capacity of 30,000 lbs. for delivery of nursery stock to you, our customers.

This is individual trucking service. The trailer will be spotted in our field and as your stock is dug, burlapped and prepared for shipment, will be loaded direct onto the trailer and shipped direct to your location. This eliminates excessive loading and unloading, handling by inexperienced nurserymen or freight handlers, and brings your stock to you in the shortest period of time.
